COMPROMISE IS LIKELY OVER HUTCHINS ESTATE

Pelief That Verdict Annulling Will of Millionaire Will Lead to Agreement.

The verdiet rendered yesterday seting aside the will of Stilson Hutchins is expected to lead to a compromise by his widow and heirs concerning the \$3,000,000. The findings of the jury while sustaining the principal conten tion of the younger son, Lee Hutchins that his father was mentally incapable the Potomac, G. A. R., Tuesday evenof executing a valid contract in Octoher, 1919, decided two issues in favor Church, C street and John Marshall of the elder son. Walter S. Hutchins, place. who was defending the will.

The jury sustained the claim of Walter S Hutching that he had never making of his will, and that he never made any misrepresentations to his Church, the son of a veteran, father on which might be based the The speakers will be Past Con unequal division of the estate as far as the two sens were concerned.

as the two sons were concerned.

The lawyers in the case decline to discuss the suggestion of a compromise at this time. Although the cost of an appeal, owing to the volume of the record—nearly 2,000,000 words would be very great, counsel are myet prepared to say that the case will prot 20 to the Count of Appeals. The general impression about the city half, as the verdiet was being awaited yesterday, was that the decision of the jury would terminate the contest over the will.

Will of 1908 Discussed.

Persons who have followed the case closely point out that the will of 1908 does not make such distribution of the estate as would be satisfactory to the heirs. This document makes a trusteeship for the estate in the hands of the widow. Rose Keeling Hutchins, and the two sons. Walter and Lee, and makes certain things contingent on an agreement by all the trustees. This document also ites up the estate, and provides for a survivorship interest, so that in the event of failure of issue the survivor may in certain contingencies take over the entire estate.

As neither Mrs. Hutchins nor the sons have children, their shares in the estate inder this will, it is stated, might be made to set aside one-third of the income may be distributed, it is suggested, under this will, as directions are made to set aside one-third of the income may be distributed, it is suggested, under this will, as directions are made to set aside one-third of the income may be distributed, it is suggested, under this will, as directions are made to set aside one-third of the income may be distributed, it is suggested, under this will, as directions are made to set aside one-third of the income for the liquidation of the encumbrances on the real estate. Under the will, as generally interpreted, Mrs. Hutchins, 20 per cent, and Mildred Rogers, 10 per cent. Failure of issue would leave the share of one dying to be distributed among the others.

Favored by None of Heirs.

Let by will is said to be in favor

Favored by None of Heirs.

As this will is said to be in favor with none of the heirs, and as the wil of earliest date was probably revoked, compromise would seem to be the likeliest result of the action of the jury yesterday in setting aside the only will that provided for absolute interests in both real and personal es-The contest just closed holds the en-

The Light Six

7-Passenger Phaeton 3-Passenger Roadster

For Pride's Sake

Drive a Hudson This Year

For pride of ownership, for this is the class car in the Light Six type. For pride in your judgment, because 12,000 owners have proved this car right. And for joy in motoring -that depends on fine engineering, on freedom from trouble, on lightness, economy and beauty.

A New High Mark

In this latest Hudson, Howard E. Coffin has set a new high mark in de-

In this car he created the Light Six type-the dominant type of today. In this car he has brought out the final refinements, after four years of work. Here is the lightest 7-passenger Six. Here is the car that stands out among all in its class for beauty, luxury, finish and equipment.

The Years at Stake

Remember, the years at stake-the years you will drive your new car. Any extra weight means a constant tax. Any mistake in designing, any weakness or shortcoming means constant trouble and expense.

You know the Hudson is right. Any owner can tell you. And 12,000 owners have driven this Light Six some 30 million miles. This is the only model of this new-day type which has had time to prove itself faultless.

No Shortage Now

Last spring, thousands of men had to wait weeks for this Hudson. There will be delays this spring for late comers. They cannot be avoided.

But our winter output and trebled capacity enable prompt delivery now. You can get the car you want without waiting. Come while this condition

This year there are many Light Sixes. Few are attempting to sell anything else above \$1,100. But the demand for the Hudson is greater than when it stood alone. For Hudson was first. It has proved itself out. It is a Howard E. Coffin model. And our years of start have given us time to

bring out perfection in this type. You will prefer it for a hundred reasons which you can see yourself. We urge you to prove this now.
